Do you have any 'relevant' unspent criminal convictions? YES ☐ NO ☐

'Relevant' means offences against a person, whether of a violent or sexual nature and convictions involving unlawful supplying of or possession of controlled drugs or substances. You do not have to tell us about any convictions that are spent (as defined by the Rehabilitation of Offenders Act 1974, they can be effectively ignored after a specified amount of time, which depends on the sentence imposed) or about any cautions, reprimands or final warnings. You must disclose all unspent relevant criminal convictions.

Declaring a conviction will not necessarily prevent you from studying at the College however the College will not enrol you if that would be a breach of the College's statutory obligation to provide a safe learning environment. If you do have any relevant unspent criminal convictions a student risk assessment will be carried out. As part of this risk assessment, the College may receive information about you from or send information about you to other bodies such as the Criminal Justice Department, Social Work Department, Police, Youth Offending Teams and other professionals, as outlined in the College's Safeguarding Child and Adult Protection Policy.

Failure to disclose a relevant criminal conviction on the application form or at enrolment or failure to disclose any conviction for additional relevant offences following enrolment may result in the immediate termination of the services provided to the student by the College. For some courses of study it is a requirement that students join the Protection of Vulnerable Groups (PVG) Scheme operated by Disclosure Scotland before they are able to participate in placement opportunities. Where this is appropriate, students will be notified in advance of the requirement to do so.

If you answer YES to this question, the College will contact you to discuss your situation and a decision will then be made as to how best to proceed with your application.
