February 2026 Issue 46

The cold weather continues!

From floods to snow, we have definitely had an eventful February weather-wise. But Spring is just around the corner, and the grass will be growing in no time. Now is the perfect time to make sure your equipment is prepared for the season ahead.

RNAS Spring Show 2026

This year, we have returned as exhibitors again for the Royal Northern Spring Show. We showcased a range of machines, including Honda, Kawasaki, Iseki, Logic and Polaris, including some new models!

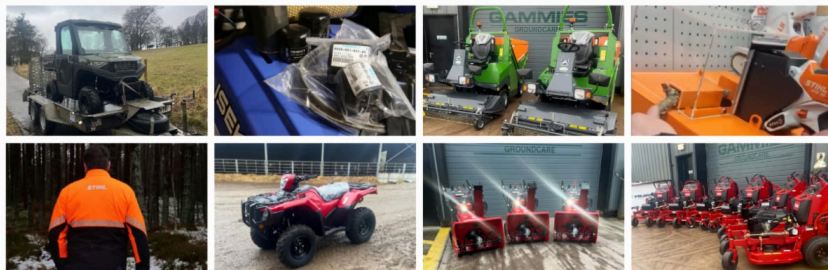

Hire Fleet

Our hire fleet has been active this month from wood chippers to our toro dingo helping out with some heavy lifting. With a range of equipment ideal for one-off jobs, get in touch to learn more about hire machines.

Toro Product Training

With new machinery, updates and new ways of working, it's important our teams keep informed with frequent training with brands. Our new sales member Sandy spent a couple days in England with Toro learning more about their range.

This month we have had a real mix of snow and winter maintenance equipment going out as well as grass cutting equipment in preparation for the season ahead.
