January 2026 Issue 45

What a stormy start to the year!

This January, in true Scottish fashion, we have had snow, ice, wind and rain! Some of which have caused disruptions, particularly in the North, where snowfall was at its heaviest. We have been busy with winter maintenance equipment going out to tackle these conditions.

Adapting Equipment

As well as new winter maintenance equipment our workshop has also been busy adapting equipment to meet the conditions such as adding snow tracks to ATVs and UTVs.

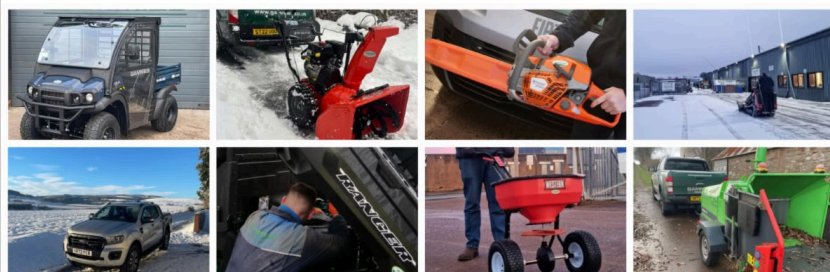

Servicing for 2026!

Servicing is essential for keeping your machine in top shape for the year ahead. From robots, mowers, utility vehicles and tractors, our workshop technicians are on hand to provide servicing & repairs.

Polaris & LAMMA

This month a few of our sales team travelled to Birmingham to attend the Annual Polaris Conference and LAMMA. This show featured a range of brands and showed just what is in-store for 2026!

From snow blowers to spreaders, the winter maintenance equipment has been out in force, clearing the snow and keeping pathways clear.
