

## English Language Requirements Questionnaire

To study a course at North East Scotland College it is essential that you can speak, understand, read and write English fluently. This means that we will ask you to provide evidence of your English language skills as part of the application process.

**Please refer to our website and the course descriptor for English level required.**

All English language qualifications must be taken within two years of the start date of your chosen course. If you don't have any evidence of your English language skills and you applied for a mainstream course, the College offers an English test. You will be tested in all four disciplines – writing, reading, speaking and listening. However, no certificate will be provided for this test as it solely used to support your full-time application. To book the test, please contact:
