Our lecturing team

SUSAN SOLO

Susan is a Lecturer in the Computing team. After an initial career in book keeping, Susan's interest in computing developed after doing a part-time evening course. She went onto study full-time, completing her HND before progressing to the University of Highlands & Islands (UHI), achieving her BSc in Computing. She has worked at NESCol for over twenty years.

BRUCE COLLIE

Before joining NESCOL in 2019, Bruce worked in the Oil & Gas industry as a Software Engineer for over 20 years. Now one of the Computing team lecturers, Bruce is able to draw upon his expertise and experience to prepare students for a career in the IT industry, particularly in the Software Development sector. In his spare time, Bruce is a swimming instructor and keen member of the Broch Archery Club.

GARRY STEPHEN

After a career in industry working as a Computer Field Service Engineer for Granada Microsystems and as a Computer Systems Engineer at BP, Gary joined NESCol as the IT Team Leader at Fraserburgh Campus. He joined the lecturing team in 2001 and has over twenty years' experience as a Cisco Networking Academy instructor. Garry enjoys passing on his knowledge and experience to students to deliver a range of subjects including Technical Support and Software Development. Outside of College, Garry serves as a committee member and accountant for the Fraserburgh & District Pool League.
