**AY 2022-2023**

If you have been given an offer for a HNC or HND course, you need to apply to SAAS.

You should apply as early as possible to make sure your funding is in place for the start of your course.

If your application is not submitted to SAAS before the 30 June 2022, they may not be able to process your funding before your course starts.

## Information SAAS may ask for:

Depending on what you're applying for, you may need to provide certain information to SAAS during the application process. If you do not have the information with you, you can save and exit the application, and continue where you left off, at any time.

If your household income is below £34,000 a year **and** you're applying for income-assessed funding, SAAS will need some details from your parent(s) or guardian(s); or from your husband, wife, partner or civil partner (whichever applies). They'll need to provide their income details and National Insurance numbers.

SAAS may also need:

- your National Insurance number
- your district of birth (this can be found on your birth certificate)
- the account number and sort code of your bank (SAAS need this to make payments to you)
- the name, address and telephone number of two contacts, if you're applying for a student loan or fee loan. Please ensure these contacts live at two different addresses
