1. Introduction

North East Scotland College (NESCol) is committed to ensuring all clients and customers receive the best possible service. The College monitors stakeholder complaint feedback and ensures any lessons learned are actioned to improve its services. Reports measuring the College’s complaints handling performance will be published online quarterly and issued to the Leadership Team.

NESCol complaints handling procedures are subject to regular review and alteration as required. This could be as a result of stakeholder experiences, internal changes or external initiatives. The College is a member of the sector Complaints Handling Advisory Group, operating with the College Development Network (CDN) and in association with the Scottish Public Sector Ombudsman (SPSO).

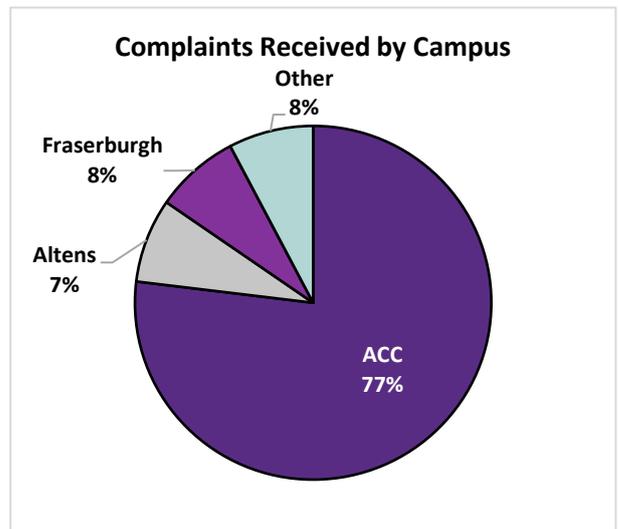

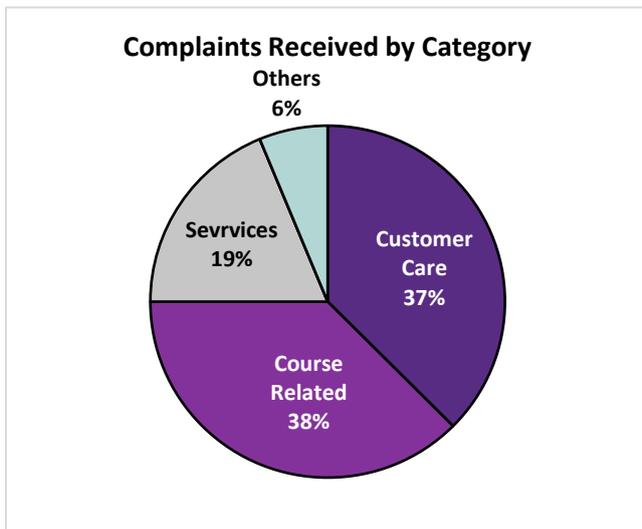

NESCol is an equal opportunities College therefore all complaints are administered in compliance with the Data Protection Act 2018, The General Data Protection Regulation (GDPR) and Freedom of Information (Scotland) Act 2002.

2. Quarterly Trends

For this quarter, NESCol received 13 complaints. The majority of complaints made are Customer Care Related (C1), Course Related (C3), and College Services (C4). Common themes regarding the cause of complaints are:

- Funding/Bursary
- Staff conduct
- Course Management

The pie chart to the left shows the percentage of complaints received for each complaint category. The pie chart to the right shows a breakdown of the percentage of complaints received this quarter for each campus. Of the complaints received this quarter, Aberdeen City received 10, Altens received 1, Fraserburgh received 1, and 1 complaint was from a campus location noted as ‘Other’.

3. Impact on Service Delivery

Upon closing a complaint, the quality team request details of any lessons learned or actions for completion (where applicable) from the relevant departments. The feedback received from stakeholders through the complaints process can alter our service delivery and highlight areas for improvement in order to better our practices. The below example/s from this quarter highlights the value of stakeholder feedback.

Improving communication regarding bursary payments

A complaint was received regarding not receiving a bursary payment after a schedule change from 4 weekly to weekly. The issue was investigated and an action taken away was to ensure that any changes are communicated appropriately to all students, advising that originally published payment dates no longer apply and an updated payment schedule is supplied. This will keep students updated regarding payment dates, avoid confusion and allow students to plan accordingly.

Improving communication regarding online course feedback

A complaint was received regarding a lack of feedback received after completing an online course. The complaint was investigated and issues came to light surrounding the clarity regarding submissions of online assessments. The team involved have noted a lesson learned is to ensure the steps are outlined clearly and have created a guide to prevent this issue reoccurring, avoiding delays in the provision of feedback for all students going forward.

Improving customer service and communication

A complaint was received regarding delays in a bursary payment. The complaint was investigated and it transpired that a technical error had caused an issue. An action taken away was for the manager to work with the team to ensure they have the confidence to respond to all queries promptly, ensuring students receive updates at appropriate timescales.

4. Further Education Complaints Performance Indicators – Definitions

The following definitions for stage 1, stage 2, and escalated should be consistently applied throughout all indicators.

Stage 1

This means those responded to at stage 1 (frontline resolution). This does not include those escalated from stage 1 to stage 2. These will be counted in the escalated complaints. This includes those where the extended timeline (i.e. + additional 5 working days) was used. These will however be reported separately below.

Stage 2

This means those responded to at stage 2 (investigation). This includes those where the extended timeline (i.e. + additional 20 working days) was used.

This refers to those complaints considered directly at stage 2 for the following reasons:

- * straight away by complainant (this refers to customers who did not wish to be dealt with at stage 1 and wished to go straight to stage 2)
- * straight away by the College, or within a day or so after due consideration (i.e. College recognised complex, serious, high risk nature of the complaint and felt it was not suitable to be considered at stage 1)

Escalated

This means those escalated from stage 1 to stage 2.

This refers to those complaints where the complainant remains dissatisfied with the outcome of the frontline resolution and have requested that their case be escalated to stage 2 for investigation.

This includes those complaints where escalation was required because frontline resolution timescales were not met (i.e. 11 working days or more). Therefore automatic escalation rules apply.

Population

This figure will represent the total student population. For example the number of matriculated students at an agreed date.

The College, when reporting on the complaints handling KPIs for each quarter adheres to the above definitions to ensure consistency and accuracy.

6. Escalation and Extension Rationale

In this quarter, no complaints were escalated to stage 2.

In this quarter, four frontline complaints were granted an extension as additional time was required to investigate fully and to accommodate the availability of relevant staff.

7. Complaints Handling Feedback Questionnaire

Following the receipt of a response to their complaint, complainants are sent a complaints handling questionnaire so they can indicate their satisfaction with the different components of the complaints process.

This is monitored on a regular basis and the quality team review feedback received in relation to the handling process. This can influence future practice and alterations to the procedure followed.
