Renewables Workshops  
Welding Academy  
Workforce Development Team

**Please park outside the F Block for easy access to our Reception and Welcome area. The quickest access is via the Hareness Road entrance.**

### Energy Transition Skills Hub

The Energy Transition Skills Hub is located a few minutes walk away across Minto Avenue.

This pioneering facility opened in summer 2025 and is the first of its kind in Scotland. Located adjacent to our Aberdeen Altens Campus, the hub sits at the heart of the North East's journey to net zero and showcases the very best in training and innovation.

Inside, you'll discover our state-of-the-art Welding Academy, industry-leading specialist workshops, and versatile teaching spaces designed to power the workforce of tomorrow. Every area has been created in partnership with employers to ensure learners gain real-world skills and experience.

Our Workforce Development team is based in the hub today and ready to chat with you about upskilling, reskilling, and unlocking new opportunities in your career.
