Profile: Ster's Story

Ster is 22 years old. He is from Kurdistan. He moved to Scotland in 2024 because he wanted to have a better life and a better future.

Ster now lives in **Aberdeen**. He likes Scotland because of its beautiful nature and green spaces. He says that people and the government help you when you need it. He feels welcome and safe in Scotland.

When Ster first came to Scotland, he faced some challenges with the English language because he could not speak English very well. However, he worked hard to improve his English. He says that his English teachers at **Fraserburgh College** helped him a lot. They taught him English and gave him an important key to life in Scotland: **the language**.

Ster still misses his home country. He especially misses the weather because Scotland is quite cold compared with his country. However, he is happy with his new life and the opportunities he has in Scotland.

In the past, Ster studied English. Now, he is studying Mechanical Engineering. In the future, he wants to work in a job related to Mechanical Engineering and use the skills he has learned.

Ster's story shows hard work, **hope**, and the wish to build a better future.
