ABOUT

Playful, vibrant and irresistibly tactile, Delight is the latest contract upholstery collection from Sekers Fabrics, designed to bring joyful character to commercial interiors while delivering exceptional performance.

At the heart of the collection is Bonbon, a richly textured, multi-coloured bouclé, inspired by the nostalgic charm of sweet shops and colourful confectionery. With its expressive palette and inviting handle, Bonbon introduces a refined sense of fun to hospitality, leisure and marine spaces.

Complementing Bonbon is our beautiful plain velvet, Lulu. Carefully developed to pair seamlessly in tone and texture. These versatile plains provide designers with the flexibility to create layered schemes, from bold feature upholstery to balanced, harmonious interiors - all within one cohesive collection.

Designed with the demands of contract environments in mind, Delight combines aesthetic appeal with technical excellence. Bonbon and Lulu are enhanced with Fibreguard stain resistant technology, the fabric allows for easy cleaning using water, making it a practical and durable solution for busy contract settings.

Delight presents a fantastic palette inspired by the irresistible world of sweet treats, from candyfloss pink and cherry red to sherbet lemon and liquorice tones. Together, these complementary fabrics give specifiers and designers the freedom to layer colour and texture, creating interiors that feel uplifting, characterful and full of personality, all while meeting the practical demands of contract environments.
