ABOUT

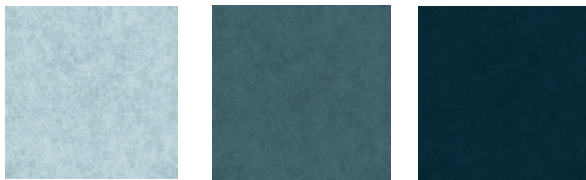

Take in the beauty of YELLOWSTONE, a luxurious faux-suede collection capturing the breathtaking beauty and rugged textures of Yellowstone National Park. Embrace nature's vibrant palette through 24 stunning colours, echoing the tones found in the Grand Prismatic Springs and the park's earthy landscapes. From deep cerulean blues and fierce orange to vivid yellow and soft browns, each shade narrates a story of the park's distinct beauty.

Crafted with Aquaclean advanced nano technology, Yellowstone brings both beauty and practicality to interiors. Its innovative finish ensures protection against the toughest stains and spills, from morning coffee mishaps to unexpected mustard splatters, requiring no specialised cleaning. Plus, with its added anti-bacterial and anti-microbial properties, it maintains freshness and cleanliness.

Suitable for upholstery and accessories, Yellowstone boasts a Martindale abrasion rating of 50,000 rubs and is supplied crib 5. Compliant with all relevant UK, USA and IMO standards, Yellowstone ensures both quality and safety. Additionally, Yellowstone's waterproof feature enhances its durability, making it well-suited for busy hospitality, leisure, and marine markets.

CLEANING & MAINTENANCE INSTRUCTIONS

AQUACLEAN® TECHNOLOGY

ADVANCED UPHOLSTERY PROTECTION

The AquaClean treatment system covers every single fibre with an invisible molecular coating.	The dirt does not penetrate the fabric's fibres.	The stains just disappear on applying water.	Simply remove with a lint free white cloth.
			

AFTER CLEANING IN THREE SIMPLE STEPS

AquaClean® technology enables you to get rid of small stains such as wine, coffee, food and even most marker pens without having to wash with soap or detergent. However, large stains may require a mild non-alcali detergent. Please spot test in an inconspicuous area first.

- Remove any excess residue from your upholstery.
- Apply water over the stain, either directly or using a damp cloth, then wait a few seconds.
- Finally, press down with the damp cloth and rub gently over the fabric in circular movements. If the stain does not come off completely (especially dried-in stains) repeat the process as required.

MAINTENANCE

For routine maintenance of your fabric, we recommend that you vacuum the entire surface area regularly. You can use a normal home vacuum cleaner with a brush fitting.
