

PACKAGING

SP Technology

Automation & Robotics

SP Technology's full turnkey solutions allow for carton erecting, leaflet insertion and labelling. Our standard approach employs a serialisation methodology whether for use in pharmaceutical, automotive or the cosmetic industry. Our automated solutions have also included heat sealing and accumulation systems.

Key features and equipment:

- Auto carton and case erecting
- High speed labelling machines
- Automated vision inspection
- Accurate label placement to ± 0.1 mm
- Palletising systems
- De-palletisers
- Serialisation
